Continuation of Substance of Interview including description of the general nature of what was discussed: It was agreed that insertion of the limitation"; wherein the signing interface comprises a signing plug-in and a signing interface library having an API" into the independent claims would overcome the prior references used in the rejection. It was further agreed that upon final search if no other prior art reads on the claims, then the added limitations would be inserted into independent claim language by Examiner amendment, including correction of any minor typo errors in order to expedite the examination of the application..
